JUSTIN CURRIE SCHOOL VISIT

Justin Currie will be at Cartwright School on Wednesday, February 22nd to share some of his drawings and his newest book. There will be 2 presentations for the students beginning at 1:15 p.m.

Justin Currie grew up on a small farm outside the village of La Riviere, with his four sisters, one brother, as well as some dogs and cats. Throughout Justin’s school career constant doodling on every piece of paper that came within reach was a bit of a problem. To teachers dismay, the habit worsened as time went on. Upon graduation from Pilot Mound High School, Justin moved into the city of Winnipeg to begin Red River’s graphic design program. He quickly started diving into digital mediums, logo design, typography, web development, flash animation, print production, etc. Graphic design training ended up being an ideal foundation for professional illustration, and shortly after graduation, Justin developed his trademark style known as “Shattered Vector Painting”. In the past few years Justin has been attending as many comic conventions as manageable, honing his personal skill set. Now with a recognizable style, an expanding fan base, and ever growing portfolio, Justin has recently decided to leave a much enjoyed concept artist position at a local video game company behind to chase his own dreams and start his own company “Chasing Artwork”.

Justin will have products on hand for purchase. Prints--\$10.00 Books--\$15.00 to \$30.00

Please let the school know if your child will be absent.
